To Whom It May Concern:

Based on the classification determination request that was submitted, and the type of work listed that you will be performing, it has been determined that the classification required to perform this work is:

NO LICENSE REQUIRED FOR: 'WRITING STORM WATER PREVENTION PLANS, STORM WATER INSPECTIONS, INSTALLING SILT FENCE, WATTLES AND HYDRO-SEEDING FOR STABILIZATION'

NOTE: In New Mexico, electrical, mechanical and plumbing work must be performed by, or under the supervision of, someone who has a journeyman certificate for the classification of work being performed. Therefore, even if you have a contractor's license in one or more of those classifications, you must also be, or employ, a certified journeyman to perform the work.

Please see our web site at: <http://public.psiexams.com> for information on acquiring this license as well as see the full list and descriptions of classifications.
